THE 35TH HOT SPRING HARBOR INTERNATIONAL SYMPOSIUM

Cell Fate Code in Development and Differentiation

Joint meeting with

Single Molecules & Chromatin in Japan

25-27 NOVEMBER 2026

Collabo-Station I | 2F Auditorium

Maidashi Campus, Kyushu University | Fukuoka, Japan

Co-organised with "Cell Fate Code", Grant-in-Aid for Transformative Research Areas (A)

INVITED AND SCHEDULED SPEAKERS

Scott Berry
University of New South Wales, Australia
Mathias Francois
The University of Sydney, Australia
Takashi Fukaya
The University of Tokyo, Japan
Yukiko Gotoh
The University of Tokyo, Japan
Kieran Harvey
Peter MacCallum Cancer Centre / Monash University, Australia
Yukako Hattori
Kyoto University, Japan
Naoki Horikoshi
The University of Tokyo, Japan
Minako Ito
Medical Institute of Bioregulation, Kyushu University, Japan
Jerome Jullien
INSERM, France
Akane Kawaguchi
National Institute of Genetics, Japan
Shigehiro Kawashima
The University of Tokyo, Japan
Hiroshi Kimura
Institute of Science Tokyo, Japan
Jop Kind
Hubrecht Institute, Netherlands
Hitoshi Kurumizaka
The University of Tokyo / Medical Institute of Bioregulation, Kyushu University, Japan
Zhe Liu
Johns Hopkins University, USA
Fumihito Miura
The University of Tokyo, Japan
Kei Miyamoto
Kyushu University, Japan
Tomonori Nakamura
Kyoto University, Japan
Jun-ichi Nakayama
National Institute for Basic Biology, Japan
Masashi Narita
Cancer Research UK Cambridge Institute, University of Cambridge, UK (online)
Hiroshi Ochiai
Medical Institute of Bioregulation, Kyushu University, Japan
Yasuyuki Ohkawa
Medical Institute of Bioregulation, Kyushu University, Japan
Noriko Saitoh
Medical Institute of Bioregulation, Kyushu University, Japan
Masamitsu Sato
Waseda University, Japan
Norifumi Shioda
Kumamoto University, Japan
Kikuë Tachibana
Max Planck Institute of Biochemistry, Germany
Makoto Tachibana
The University of Osaka, Japan
Tatsuro Takahashi
Kyushu University, Japan
Tatsuya Takemoto
Tokushima University, Japan
Alexey Terskikh
The University of Western Australia, Australia
Emily Wong
Victor Chang Cardiac Research Institute, Australia
Wei Xie
Tsinghua University, China
Kazuo Yamagata
Kindai University, Japan
Yuanliang Zhai
The Hong Kong University of Science and Technology, Hong Kong

HOST

Medical Institute of Bioregulation, Kyushu University

SUPPORTED BY

The Nakatani Foundation

ADDITIONAL RESEARCH MEETING SUPPORT

Cooperative Research Project Program, Medical Institute of Bioregulation, Kyushu University (FY2026)

CO-ORGANISING PROGRAMMES

Grant-in-Aid for Transformative Research Areas (A), "Cell Fate Code"
AMED Advanced International Collaborative Research Program (ASPIRE): 2nd Japan-UK joint research meeting
MEXT Medical Research Center Initiative for High Depth Omics
4D System Development and Regeneration Science Initiative (MEXT Coalition of Universities for Research Excellence Program, CURE)

CORPORATE SPONSORS AND ADVERTISERS

Azenta | Beckman Coulter | Chlorella Industry | Evident | Genenet | GenScript Japan | Japan SLC, Inc. | KEYENCE | Nacalai Tesque | Nikon Solutions | SEIKO CO., Ltd.
Twist Bioscience Japan | Waters Biosciences | Yokogawa Electric Corporation
